At Viatris providing uninterrupted supply of our high-quality medicines is a critical part of our mission. With all of New Zealand moving to Covid 19, alert level 4 we wanted to reassure you that our critical supply operations have continued uninterrupted.

We had been preparing for this scenario and enacted our business continuity plan immediately. Our Distribution Centre and product release activities remain fully operational while adhering to strict safety protocols. Our operations team is working on split shifts at our Mount Wellington site. All other staff are set up and working at full capacity from home locations. We have additional contingency plans ready to respond to any further emerging scenarios.

Please let us know if you have any questions or concerns.
